THE FARMER'S JOURNAL,  
AND  
MAGAZINE OF THE USEFUL ARTS;  
EDITED AND PUBLISHED BY S. W. COLE,

(Formerly *Editor and Proprietor of the Yankee Farmer.*)

OFFICE at the Seed Store of C. H. B. Breck,  
and Agricultural Warehouse of N. P. H. Willis, 45  
North Market Street, Boston.

The Journal is designed to improve the soil and its productions, and encourage the useful arts and sciences, by giving the best management, and new discoveries in the various branches of industry. It is one of the cheapest papers in the country, and no pains will be spared in rendering it strictly practical and useful.

It will contain the *cream* of all the improvements in agriculture and economy. The matter is of lasting utility, and the form neat and convenient for preservation and reference. A title page and index will be furnished at the close of the volume.

TERMS. The Journal is published monthly, on a royal sheet, in quarto form, at 50 cents a year, *always in advance*. Five copies for \$2.

Post Masters are Agents and will forward names and money. The volume commenced in Oct., and those who wish, can have the back numbers to make the volume complete.

N O T I C E S.

We select a few from many favorable notices of the work.

FARMER's JOURNAL. This paper will evidently be a periodical of great utility; and being furnished at a cheap rate, will doubtless meet with a favorable reception.—*Mercantile Journal.*

If we may judge from the specimen, it will be a first rate monthly for the husbandman.—*Zion's Herald.*

It is edited by S. W. Cole, who merits much praise for the zeal and talents he displayed while editor of the "Yankee Farmer."—*Morning News.*

Mr. Cole is a gentleman possessing the requisite qualifications for an editor of an agricultural journal.—*Boston Morning Post.*

It will be edited by S. W. Cole, for many years the able editor of the Yankee Farmer. It will be a valuable work for agriculturists, and the price being low, will enable all classes to take it.—*Boston Transcript.*

The number before us is filled with excellent matter; and this was to be expected from our friend Cole, whose experience and zeal are well sustained by talents of sterling worth.—*American Farmer.*
